Job

Freelance web development trainer.

Bio/needs

Is external to the Bank but works from time to time with them and has no office.
He knows a lot of people in this bank.
So he needs to be able to communicate all day easily with his collaborators.

Frustrations

He does not know the offices of any colleague and does not have the phone numbers or email of everyone which often breaks him problems bring everyone to lunch at least he is often asked rabbits, because he does not can conctater its associates who do not wait because the time of the noon is sacred.

Goals

This is why an application that allows you to find contact information for these colleagues simply and plan group lunches with a fixed time could change your life.
